

PacTwo MDO HW

PacTwo MDO HW is a premium good-2-side general-use, paint-grade MDO designed to deliver a product that is smooth and paintable and constructed to provide durability, consistency, strength and quality. PacTwo MDO HW is a superior option over PacTwo MDO as it highlights a fine-grain dense hardwood substrate under the smooth resin-impregnated fiber overlays, which further reduces wood grain transfer and provides a high-quality surface on every panel.

Panel Features

Face Veneer:	Fine-grained imported hardwood
Back Veneer:	Fine-grained imported hardwood
Inner Plies:	C grade Group 1 veneer
Resin:	Phenolic exterior glue
Dimension:	48" X 96"

Handling & Storage

Care should be exercised to prevent panel chipping, denting and corner damage during handling. Panels should never be dropped. Panels should be stored out of the direct sunlight to minimize surface checking and panel dry out.

Overlay Features

PacTwo MDO HW is overlaid on 2 sides with a 28% resin-content, medium-density overlay.

Panel Performance

- Good-2-side
- One-step lay-up
- Exterior grade
- Abrasion and wear resistant
- Economical
- NAUF and CARB compliant
- FSC available

Panel Uses

- Truck and trailer liners
- Cabinets and shelves
- Commercial signs
- Industrial packaging
- Boxes, crates and containers
- RV manufacturing
- Garage door panels
- And much more....
